

Weather

We will always aim to be outside as much as possible. The only three conditions that will cancel a session or that bring us indoors (if in a school setting) are: lightning, high winds or persistent, torrential rain. Should this happen we will more than likely know in advance and plan around it.

Food and Water

Please provide your child with a packed lunch and a water bottle (no need for a packed lunch if they are attending a party or an after school club). We have fresh water on site but it is always helpful for children to have a water bottle to move around the woodland with.

Toilets

We have a compostable toilet on site.

Activities

Almost all sessions have an 'open play' element to them, allowing the children to explore and choose activities that they want to do whether that is crafts, games, physical activities, fire-making, or campfire cooking. The range of activities is endless!

Arriving and Parking

(at our main site - Pondtail Wood)

Signs will be out as you approach the entrance to the woodland. Please drive down the track to the woodland area. Please park on the left hand side of the track, this will allow people to turn around and drive out on the other side of the track.

Pondtail Wood,
Muddleswood Road
Albourne
West Sussex
BN6 9ED

(Almost opposite the Singing Hills Golf
Entrance)

First Aid, DBS and Insurance

Wood and Wild have full public liability insurance and all leaders are first aid trained. All staff at Wood and Wild have an enhanced DBS.
